<sup>1</sup> The U.S. total exceeds the sum of the states because NASS does not release state data for some minor producing states due to disclosure issues. Horses, mules, and broilers are not included. <sup>2</sup> Includes only farm share value for trucks and autos. <sup>3</sup> All non-CCC crops held on farms plus the value above loan rate for crops held under CCC. <sup>4</sup> Excludes debt for nonfarm purposes.
